How It Works

Verified Press Release Process

On Our Website

Submission

Organizations submit press releases for verification.

Verification

Malicious links check, KYC & identity checks authenticate the author.

Minting

Press release is minted as a tamper-proof NFT.

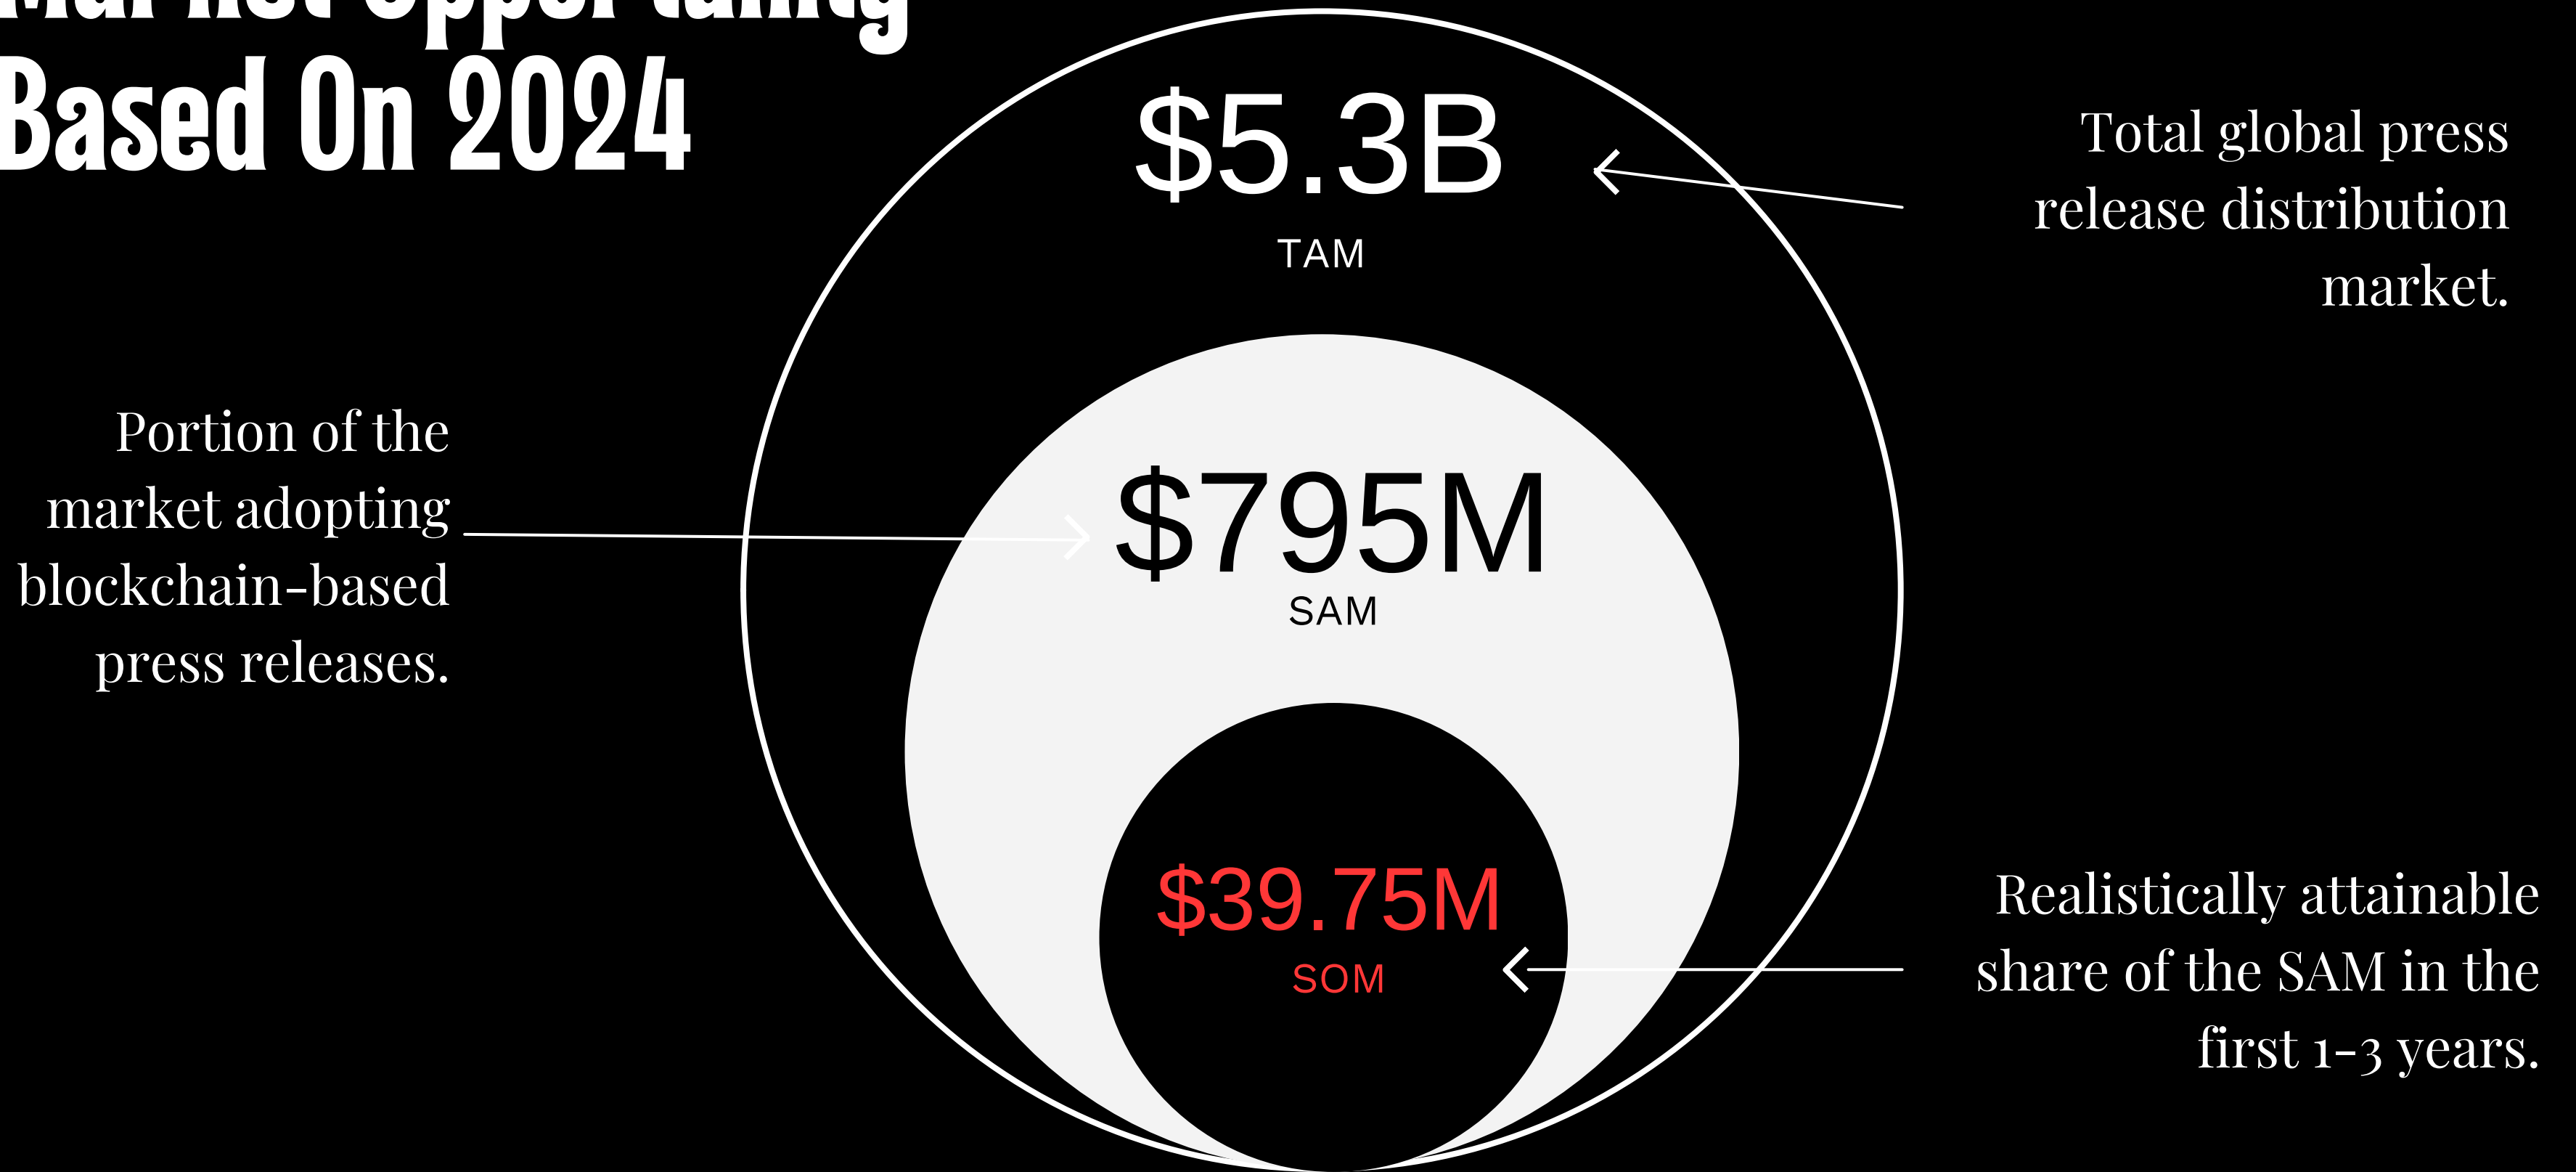

Distribution

NFT is listed, distributed, & curators are incentivized to share.

Analytics

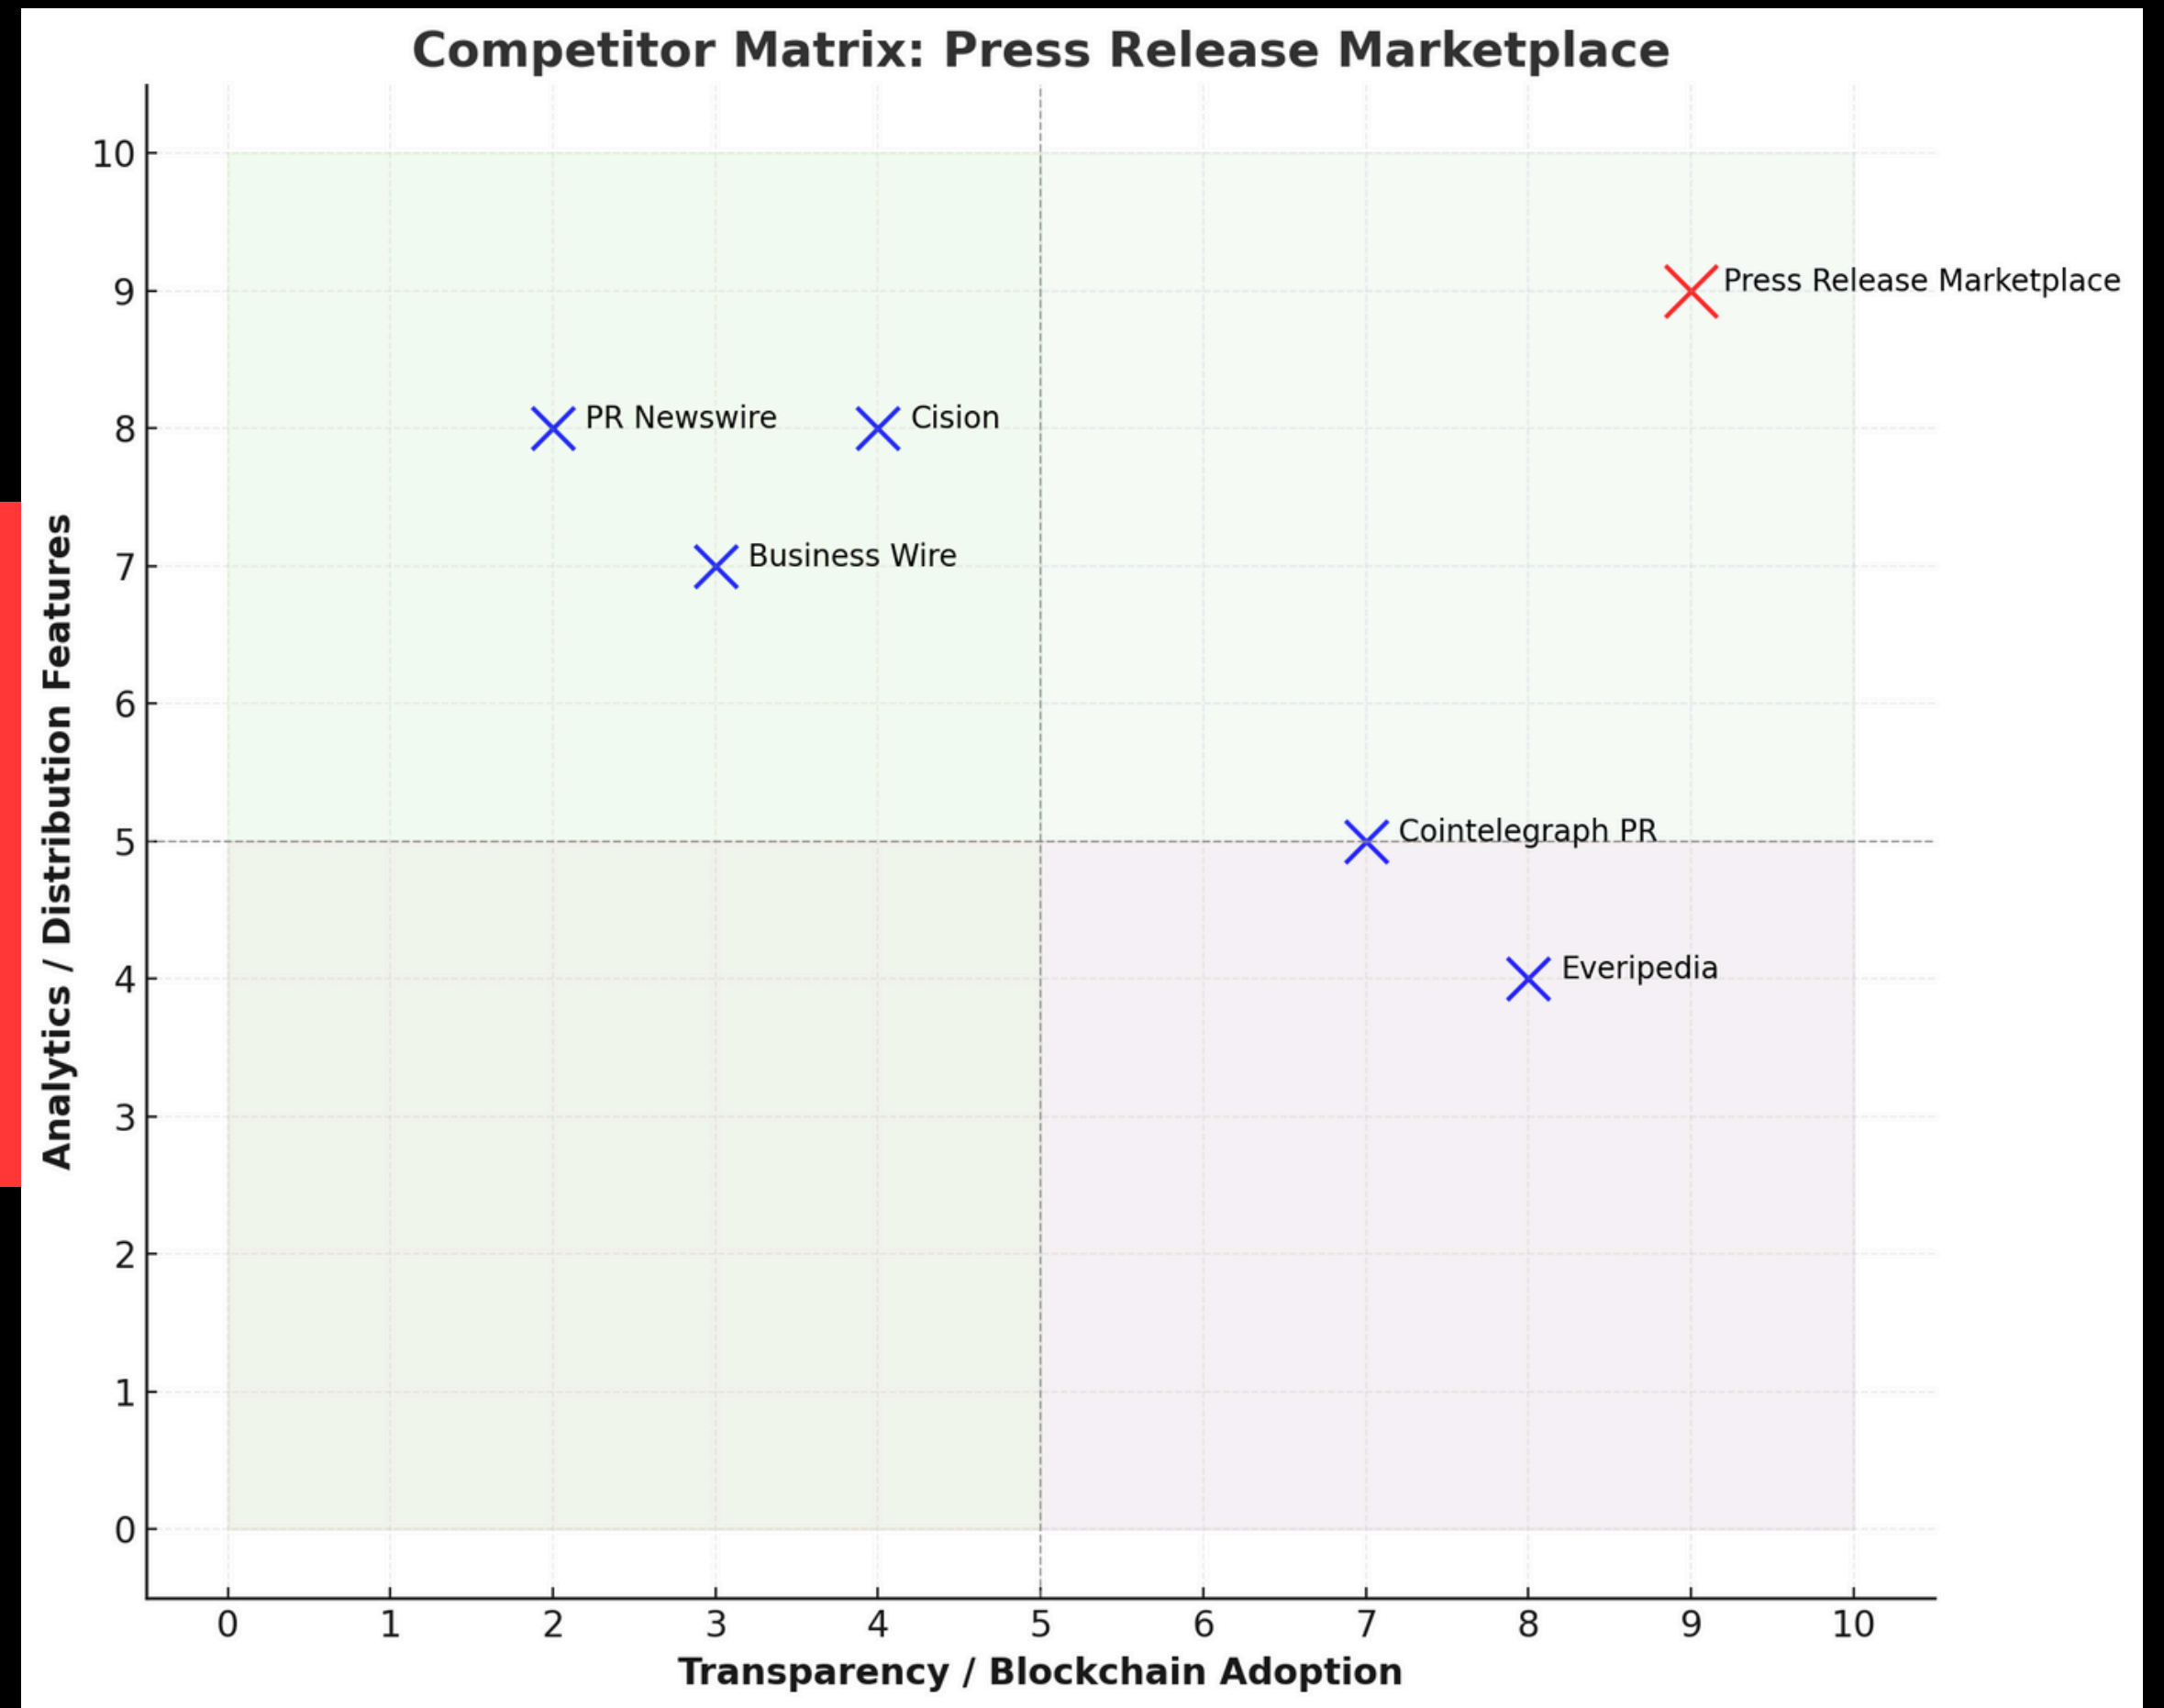

Detailed engagement metrics are collected & provided.

Market Opportunity- Based On 2024

Existing Competition

Despite the presence of traditional press release platforms, there's a significant gap in the market for a transparent, decentralized solution. The Press Release Marketplace fills this gap by providing verifiable, blockchain-based press releases.

Revenue Streams

Publishing Fees: Advanced & premium tiers.
